

Ready to run locos are complete with sound but no batteries can be supplied at cost
Locomotive kits do not include sound units

Class 08/10 5" Gauge Locomotive

Complete ready to run locomotive with spoked wheels and sound unit	£3890
Complete ready to run locomotive with solid wheels and sound unit	£3500
Kit Form* - including controller, solid wheels, no sound unit	£2400
Kit Form* - including controller, spoked finished wheels, no sound unit	£2760
Kit Form* - including controller, raw cast spoked wheels, no sound unit	£2400

Ready to run locomotive and kits include steps and sand boxes

***All kits include controller but no sound system.**

Components List:

Body as from mould, flash removed	£420
Windows cut out on body	£90.00
Laser cut Chassis kit including cranks and con rods	£150
Welding service for chassis	£50.00
Oilite bushes for motor mounts	£30.00
Turned and finished axles, Set of 3	£40.00
Steel for axles	£26.00
Cast spoked wheels, set of 6 Raw not turned	£300
Full set of 6 spoked wheels, machined and finished	£800
Solid CNC turned wheels, set of 6	£231
Steel for crank pins	£20.00
Crank Pin Set, turned and finished	£70.00
Con Rod Set, finished	£170
Gear set for locomotive	£150
Buffers, round, complete set for locomotive	£90.00
Complete set of resin castings for locomotive to include springs, pins, carriers	

and horn block set	£100
Sand Box Set, resin cast	£30
Radiator grill	£30
Rear Step Set, resin cast per pair	£16.00

Components List: Class 08/10 5" Gauge Locomotive

Front Step Set, resin cast	£20.00
Gusset bracket, resin cast, pair	£10.00
Door Handle, resin cast, each	£2.00
Circuit breaker set	£26.00
Axle boxes with bearings and springs, price per locomotive	£200
Air pipe set for buffer beam, white metal, one end	£24.00
Locomotive Driver, resin, painted	£45.00
Locomotive Driver, resin, unpainted	£30.00
Drivers Seat	£18.00
Lamp Iron, lost wax cast, each	£4.50
Lamp, resin cast	£7.75
Whistle, lost wax	£10
Coupling Plate Cover, each	£4
Painted body, 2 colours	£620
Cab side transfers, BR logos	£13.50
Overhead cable transfer, per set	£9.00
Windscreen Wiper, each	£5.00
LED Set, including resistors (please state 12v or 24v when ordering)	£15.50

Class 08/10 7.25" Gauge Locomotive

Complete ready to run locomotive with spoked wheels and sound unit	£4686
Complete ready to run locomotive with solid CNC turned wheels and sound unit	£4290
Kit Form* – with spoked wheels raw casting	£3165
Kit Form* – with Machine and finished spoked wheels	£3290

Ready to run locomotive and kits include steps, sand boxes and controller

***All kits include controller but no sound system.**

Components List:

Body as from mould, flash removed including detailing parts	£572
Windows cut out on body	£76.00

Laser cut Chassis kit including cranks and con rods	£340
Welding service for chassis	£50
Turned and finished axles, Set of 3	£50

Components List: Class 08/10 7.25" Gauge Locomotive

Steel for axles	£30.00
Cast spoked wheels, set of 6	£400
Full set of 6 spoked wheels, machined and finished	£1300
Solid CNC turned wheels, set of 6	£250
Steel for crank pins	£20.00
Crank Pin Set, turned and finished	£80
Con Rod Set, finished	£200
Chain and sprocket set	£300
Buffers, round, complete set for locomotive	£120
Complete set of resin castings for locomotive to include springs, pins, carriers and horn block set	£130
Sand Box Set, resin cast	£45.00
Radiator grill	£30
Rear Step Set, resin cast per pair	£15.50
Front Step Set, resin cast per pair	£21.00
Front Grill, resin cast	£35.00
Battery Box top vent set, resin cast	£15.00
Battery box side grill set, resin cast	£8.00
Air Intake grill set, resin cast	£30.00
Fuel Tank Access Hatch, resin cast	£6.00
Marker light, resin cast, set of 6	£20.00
Roof and Rear Angle Set, resin cast	£10.00
Circuit breaker set	£26.00
Buffer beam detail kit, one end {AIR PIPES JUMPER CABLES ECT}	£35
Axle boxes with bearings and springs, price per locomotive	£400
Air pipe set for buffer beam, white metal, one end	£32.00
Lamp Iron, lost wax cast, each	£4.50
Lamp, resin cast	£9.00
Painted body, 2 colours	£400
Cab side transfers, BR logos	£20.00
Overhead cable transfer, per set	£9.00
Windscreen Wiper, each	£4.50
Whistle 3D Printed	£6.00
LED Set, including resistors (please state 12v or 24v when ordering)	£15.50 <u>Class</u>

5" Gauge Class 15 Locomotive

Complete ready to run locomotive	£3800
Kit Form* - total cost of components, without sound unit	£2760

Ready to run locomotive and kits include sand boxes and controller

***All kits include controller but no sound system.**

Components List:

Metal work for locomotive to include chassis, main body, bogies plus fibre glass noses and roof	£600
Welding service for chassis	£51.00
Steel for axles	£32.00
CNC turned wheel set – enough to complete locomotive	£220
Oilite bush set	£26.00
Gear set for locomotive	£160
Buffers, round, complete set for locomotive	£80.00
Timken Axle Box Covers, white metal, each	£4.00
Axle Box Cover, bolt on, each	£4.70
Buffer beam detail kit, one end	£24.00
Disk or block head code kit, one end	£15.50
Door Handle, each	£4.00
Lamp Iron, lost wax cast, each	£4.50
Lamp, resin cast	£7.75
Coupling Plate Cover, each	£5.00
Vacuum Pipe Fitting	£3.50
Vacuum Pipe Clamps, pair	£5.00
Sand boxes, per locomotive	£44.00
Marker Light, white metal, each	£7.75
Brake cylinder set	£44.00
Circuit breaker set	£26.00
Head code box	£10

Components List: Class 15 5" Gauge Locomotive

Axle box set, complete with springs	£200
Clevis coupling	£10.00
Locomotive Driver, resin, painted	£44.00
Locomotive Driver, resin, unpainted	£30.00
Overhead warning transfer set	£9.00
Cab side transfers	£13.50
Drivers Seat	£18.00
Painted body, 2 colours	£600
Cab side transfers, BR logos	£26.00
Overhead cable transfer, per set	£9.00
Windscreen Wiper, each	£5.00

Class 15 7.25" Gauge Locomotive

Complete ready to run locomotive	£4900
Kit Form* - total cost of components, without sound unit	£3500

***All kits include controller but no sound system.**

Components List:

Metal work for locomotive to include chassis, main body, bogies plus fibreglass mouldings	£1100
Welding service for chassis	£100
Steel for axles	£51.00
CNC turned wheel set – enough to complete locomotive	£380
Door Handle, each	£2.75
Chain and sprocket set	£600
Buffers, round, complete set for locomotive	£100
Timken Axle Box Covers, white metal, each	£5.00
Buffer beam detail kit, one end {AIR PIPES JUMPER CABLES ECT}	£35
Disk or block head code kit, one end	£20.00
Brake cylinder set	£100
Circuit breaker set	£26.00

Components List: Class 15 7.25" Gauge Locomotive

Lamp Iron, lost wax cast, each	£4.50
Lamp, resin cast	£9.00
Axle boxes with bearings and springs, price per locomotive	£319
Clevis coupling	£10.00
Painted body, 2 colours	£1500
Cab side transfers, BR logos	£13.50
Overhead cable transfer, per set	£9.00
Windscreen Wiper, each	£4.50

Class 20 5" Gauge (fibreglass moulding) Locomotive

Complete ready to run locomotive with sound	£3675
Kit Form* - total cost of components, without sound	£2530

Kits include axle box covers and brake cylinders

***All kits include controller but no sound system.**

Components List:

Body as from mould	£470
Chassis and bogie kit metal work	£380
Welding service for chassis	£51.00
Oilite bush set	£26.00
Steel for axles	£32.00
CNC turned wheel set – enough to complete locomotive	£250
Gear set for locomotive	£231
Buffers, round, complete set for loco locomotive	£80.00
Timken Axle Box Covers, white metal, each	£4.00
Sand boxes, per locomotive	£44.00
Sandbox pipes, per set	£39.00
Buffer beam detail kit, one end	£26.00
Vacuum Pipe Clamps, pair	£5.00

Large bogie suspension spring set	£20
Compensation spring carriers set of 8	£20
Checker plate for cab access doors set	£5
Large bogie centre spring per pair	£20
Vacuum Pipe Fitting	£13.50

Components List: Class 20 5" Gauge (fibreglass moulding) Locomotive

Disk or block head code kit, one end	£15.50
Door Handle, Printed	£2.75
Brake cylinder set	£44.00
Air Sanders, pair	£12.00
Marker Light, white metal, each	£7.75
Circuit breaker set	£26.00
Axle boxes with bearings and springs, price per locomotive	£281
Clevis coupling	£10.00
Locomotive Driver, resin, painted	£44.00
Locomotive Driver, resin, unpainted	£30.00
Drivers Seat	£18.00
Lamp Iron, lost wax cast, each	£4.50
Lamp, resin cast	£7.75
Painted body, 2 colours	£400
Cab side transfers, BR logos	£13.50
Overhead cable transfer, per set	£9.00
Windscreen Wiper, each	£5.00

Class 20 5" Gauge (steel body) Locomotive

Complete ready to run locomotive with sound	£3700
Kit Form* - total cost of components	£2300

***All kits include controller but no sound system.**

Components List:

Metal work for locomotive to include chassis, main body, bogies plus fibreglass mouldings for roof and nose	£650
Welding service for chassis	£51.00
Oilite bush set	£26.00
Steel for axles	£32.00
CNC turned wheel set – enough to complete locomotive	£193

Components List: Class 20 5" Gauge (steel body) Locomotive

Gear set for locomotive	£231
Buffers, round, complete set for locomotive	£100
Buffers, oval, complete set for locomotive	£193
Timken Axle Box Covers, white metal, each	£4.00
Sand boxes, per locomotive	£39.00
Sandbox pipes, per set	£26.00
Buffer beam detail kit, one end	£26.00
Marker Light, white metal, each	£7.75
Disk or block head code kit, one end	£15.50
Brake cylinder set	£44.00
Vacuum Pipe Clamps, pair	£5.00
Vacuum Pipe Fitting	£13.50
Pipe Fittings, per set	£24.00
Circuit breaker set	£26.00
Axle box set, complete with springs	£253
Clevis coupling	£7.75
Coupling Plate Cover, each	£5.00
Locomotive Driver, resin, painted	£44.00
Locomotive Driver, resin, unpainted	£30.00
Large bogie suspension spring set	£20
Compensation spring carriers set of 8	£20
Checker plate for cab access doors set	£5
Drivers Seat	£18.00
Lamp, resin cast	£7.75

Lamp, resin cast	£7.75
Painted body, 2 colours	£600
Cab side transfers, BR logos	£380
Overhead cable transfer, per set	£13.50
Windscreen Wiper, each	£5.00
Head code box	£10

Class 20 7.25" Gauge Locomotive

Complete ready to run locomotive	£5600
Kit Form* - total cost of components	£4300

Ready to run locomotive and kits include brake cylinders and glazing materials

***All kits include controller but no sound system.**

Components List:

Metal work for locomotive to include chassis, main body, bogies plus fibre glass mouldings for roof and nose	£1078
Welding service for chassis	£127
Steel for axles	£32.00
CNC turned wheel set – enough to complete locomotive	£380
Chain and sprocket set	£600
Buffers, round, complete set for locomotive	£100
Timken Axle Box Covers, resin cast, each	£4.00
Buffer beam detail kit, one end	£35
Axle boxes with bearings and springs, price per locomotive	£407
Circuit breakers and fuses	£26.00
Disk or block head code kit, one end	£20.00
Brake cylinder set	£80
Sand box set	£60

Large Bogie suspension spring set	£30
Compensation spring carriers set of 8	£25
Checker plate for cab access doors set	£8
Clevis coupling	£10.00
Lamp Iron, lost wax cast, each	£4.50
Lamp, resin cast	£9.00
Painted body, 2 colours	£1200
Cab side transfers, BR logos	£13.50
Overhead cable transfer, per set	£9.00
Windscreen Wiper, each	£4.50

Class 33 5" Gauge (fibreglass moulding) Locomotive

Complete ready to run locomotive with sound and aluminium buffer beam	£4300
Complete ready to run locomotive with sound and steel buffer beam	£3900
Kit Form* with steel buffer beam - total cost of components	£3000
Kit Form* with aluminium buffer beam - total cost of components	£2800

Kits include axle box covers, fuel tanks, controller, circuit breaker and wiring

***All kits include controller but no sound system.**

Components List:

Body as from mould, flash removed	£446
Windows cut out on body	£100
Chassis and bogie kit	£380
Welding service for chassis	£51.00
Oilite bushes for motor mounts	£26.00
Steel for axles	£26.00
CNC turned wheel set – enough to complete locomotive	£250
Gear set for locomotive	£231
Buffers, complete set for locomotive	£100

Components List: Class 33 5" Gauge (fibreglass moulding) Locomotive

Timken Axle Box Covers, white metal, each	£4.00
Buffer beam pipes/taps and jumper cable set one end of loco	£26.00
Brake cylinders - 8 per locomotive (cost for set)	£44.00
Vacuum Pipe Fitting	£13.50
Vacuum Pipe Clamps, pair	£5.00
Pipe Fittings, per set	£24.00
Circuit breakers and fuses	£26.00
Marker Light, white metal, each	£8.00
Axle boxes with bearings and springs, price per locomotive	£303
Dummy Fuel Tanks, resin cast – enough to complete locomotive	£76.00
Clevis coupling	£10.00
Coupling Plate Cover, each	£5.00
Lamp Iron, lost wax cast, each	£4.50
Lamp, resin cast	£7.75
Locomotive Driver, resin, painted	£44.00
Locomotive Driver, resin, unpainted	£30.00
Drivers Seat	£18.00
Cab side transfers, BR logos	£13.50
Overhead cable transfer, per set	£9.00
Windscreen Wiper, each	£5.00
Fuel tank overlay set	£39.00

Class 35 5" Gauge (fibreglass moulding) Locomotive (Hymek)

Complete ready to run locomotive with sound	£3700
Kit Form* - total cost of components	£2500

Kits include controller, circuit breaker, cables and brake cylinders

***All kits include controller but no sound system.**

Components List:

Body as from mould, flash removed	£400
Windows cut out on body	£100
Chassis and bogie metalwork kit	£380

Components List: Class 35 5" Gauge (fibreglass moulding) Locomotive (Hymek)

Welding service for chassis	£64.00
Oilite bushes for motor mounts	£26.00
Steel for axles	£30.00
CNC turned wheel set – enough to complete locomotive	£350
Gear set for locomotive	£200
Buffers, complete set for locomotive	£100
Air Horn set	£15.50
Axle box cover each	£4.00
Marker Light, white metal, each	£7.00
Buffer beam pipes/taps and jumper cable set for front	
buffer beam, enough for one end of locomotive	£26.00
Brake cylinders - 8 per locomotive (cost for set)	£105
Vacuum Pipe Fitting	£13.50
Pipe Fittings, per set	£24.00
Vacuum Pipe Clamps, pair	£5.00
Circuit breakers and fuses	£26.00
Clevis coupling	£10.00
Coupling Plate Cover, each	£5.00
Door Handle, Printed	£2.75
Locomotive Driver, resin, painted	£44.00
Locomotive Driver, resin, unpainted	£30.00
Drivers Seat	£18.00
Lamp Iron, lost wax cast, each	£4.50
Lamp, resin cast	£8.00
Cab side transfers, BR logos	£13.50
Overhead cable transfer, per set	£9.00
Windscreen Wiper, each	£5.00

Class 37 5" Gauge Locomotive

Complete ready to run locomotive with sound	£4300
Kit Form* - total cost of components	£3500

Kits include tank covers, brake cylinders, electrics and steps

*All kits include controller but no sound system.

Components List:

Clevis coupling	£10.00
Coupling Plate Cover, each	£5.00
Locomotive Driver, resin, painted	£44.00
Locomotive Driver, resin, unpainted	£30.00
Lamp, resin cast	
Nose Grill, large	£32.00
Nose Grill, small	£32.00
Nose Grill, stepped	£32.00
Horn Grill, 3D printed, each	£6.75
Radiator Grill	£51.00
Front square Marker Light per pair	£12
Lamp Iron, lost wax cast, each	£4.50
Lamp, resin cast	£9.00
Pair of air horns	£10.00
Buffer set of 4: Round	£120
Buffer set of 4: Oval	£140

Optional Extras:

Painted body, 2 colours	£2000
Body as from mould, flash removed	£506
Windows cut out on body	£100
Chassis metalwork kit including bogie parts and motor mounts	£500
Welding service for chassis	£76.00
Oilite bushes for motor mounts	£39.00
Steel for axles	£40.00
CNC turned wheel set – enough to complete locomotive	£350
Gear set for locomotive	£253
Tank steps	£26.00
Dummy Fuel Tanks, resin cast – enough to complete locomotive	£64.00
Super detailed Grill Set	£TBC
Brake cylinder set	£76.00
Pipe Fittings, per set	£24.00
Vacuum Pipe Clamps, pair	£5.00
Vacuum Pipe Fitting	£13.50
Buffers, round, complete set for locomotive	£100
Buffers, oval, complete set for locomotive	£120
Sand box, set for a locomotive	£26.00
Buffer beam pipes/taps and jumper cable set for front	
Buffer beam, enough for one end of locomotive	£26.00
Circuit breakers and fuses	£26.00
Axle boxes with bearings and springs, price per locomotive	£281
Timken Axle Box Covers, white metal, each	£4.00

Components List: Class 37 5" Gauge Locomotive

Clevis coupling	£10.00
Coupling Plate Cover, each	£5.00
Grill, 76mm	£TBC

Nose Grill, large	£26.00
Nose Grill, small	£20.00
Nose Grill, stepped	£26.00
Radiator Grill	£39.00
Marker Light, white metal, each	£8.00
Marker Light, 3D printed	£20.00
Sand Box, resin cast	£5.00
Front Marker Light	£15.50
Horn Grill, brass, each	£10.00
Horn Grill, 3D printed, each	£6.75
Windscreen Wipers, each	£2.75
Locomotive Driver, resin, painted	£44.00
Locomotive Driver, resin, unpainted	£30.00
Drivers Seat	£18.00
Door Handle, white metal, each	£2.75
Lamp, resin cast	£7.75
Windscreen Wiper, each	£5.00
Optional Extra:	
Painted body, 2 colours	£900

Class 37 7.25" Gauge Locomotive

Complete ready to run locomotive	£6075
Kit Form* - total cost of components	£5060

Ready to run locomotive includes load sensitive controller and sound unit

Kits include brake cylinders and circuit breakers

***All kits include controller but no sound system.**

Components List: Class 37 7.25" Gauge Locomotive

Body as from mould, flash removed	£1140
Windows cut out on body	£193

Chassis kit including bogie parts and motor mounts	£800
Welding service for chassis	£100
Steel for axles	£100
CNC turned wheel set – enough to complete locomotive	£500
Chain and sprocket set for locomotive	£600
Tank steps, set of 4	£40.00
Brake cylinder set	£100
Buffer beam pipes/taps and jumper cable set for front	£35.00
Circuit breakers and fuses	£26.00
Axle boxes with bearings and springs, price per locomotive	£500
Timken Axle Box Covers, white metal, each	£4.00
Clevis coupling	£10.00
Overhead cable transfer, per set	£9.00
Windscreen Wiper, each	£4.50
Grill, 100mm	£39.00

Class 40 5" Gauge Locomotive

Complete ready to run locomotive	£4500
Kit Form* - total cost of components	£3700

*All kits include controller but no sound system.

Components List:

Body as from mould, flash removed	£572
Windows cut out on body	£100
Welding service for chassis	£100
Oilite bushes for motor mounts	£39.00
Steel for axles	£60.00
CNC turned wheel set – enough to complete locomotive	£400
Gear set for locomotive	£253
Buffers, round, complete set for locomotive	£100
Buffers, oval, complete set for locomotive	£120
Resin cast bogie detailing parts - 4 Sand boxes, 12 suspension springs, 24 horn blocks,	

24 spring pins, 12 spring carriers and 12 springs, enough to complete locomotive	£176
Resin cast horn block, complete set for a locomotive	£39.00
Sand boxes, per locomotive	£32.00
Resin dummy fuel tank castings per pair	£44.00
Resin cast weights for buffer beams, per locomotive	£26.00
Buffer beam pipes/taps and jumper cable set for front	£26.00
Clevis coupling	£10.00
Coupling Plate Cover, each	£5.00
Circuit breakers and fuses	£26.00
Axle boxes with bearings and springs, price per locomotive	£319
Timken Axle Box Covers, white metal, each	£4.00
Vacuum Pipe Clamps, pair	£5.00
Brake Pipes	£TBC
Vacuum Pipe Fitting	£13.50
Pipe Fittings, per set	£24.00
Horn Grill, brass, each	£10.00
Horn Grill, 3D printed, each	£6.75

Components List: Class 40 5" Gauge Locomotive

Door Handle, Printed	£2.75
Locomotive Driver, resin, painted	£44.00
Locomotive Driver, resin, unpainted	£30.00
Drivers Seat	£18.00
Marker Light, white metal, each	£7.75
Lamp Iron, lost wax cast, each	£5.25
Lamp, resin cast	£7.75
Windscreen Wiper, each	£5.00

Optional Extras:

Painted body, 3 colours	£1100
-------------------------	-------

Class 43 5" Gauge (fibreglass moulding) Locomotive (HST)

Complete ready to run locomotive	£3000
Complete ready to run locomotive – pair (both cars powered)	£5300
Kit Form* - total cost of components	£2300

*All kits include controller but no sound system.

Components List:

Body as from mould, flash removed	£446
Windows cut out on body	£76.00
Chassis and bogie kit	£380
Welding service for chassis	£70.00
Oilite bushes for motor mounts	£26.00
Steel for axles	£30.00
CNC turned wheel set – enough to complete locomotive	£240
Resin cast detail parts	£60.00
Gear set for locomotive	£100
Buffers, complete set for locomotive	£100
Timken Axle Box Covers, white metal, each	£4.00
Circuit breakers and fuses	£26.00
Axle boxes with bearings and springs, price per locomotive	£303
Clevis coupling	£10.00
Overhead cable transfer, per set	£9.00
Locomotive Driver, resin, painted	£44.00
Locomotive Driver, resin, unpainted	£30.00
Lamp Iron, lost wax cast, each	£4.50
Lamp, resin cast	£7.75

Windscreen Wiper, each	£5.00
------------------------	-------

Optional Extras:

Painted body, 2 colours	£1000
-------------------------	-------

Class 47 5" Gauge Locomotive

Complete ready to run locomotive with sound	£4500
---	-------

Kit Form* - total cost of components	£3300
--------------------------------------	-------

*All kits include controller but no sound system.

Components List:

Body as from mould, flash removed	£500
Windows cut out on body	£80
Chassis kit including bogie parts and motor mounts	£400
Welding service for chassis	£51
Oilite bushes for motor mounts	£26
Steel for axles	£30
CNC turned wheel set – enough to complete locomotive	£270
Gear set for locomotive	£253
Tank steps	£15.50
Door Handle, Printed	£2.75
Grab Rail, long, each	£8.00
Grab Rail, each	£7.00
Pipe Fittings, per set	£24.00
Brake Pipes	£TBC
Vacuum Pipe Clamps, pair	£5.00
Vacuum Pipe Fitting	£13.50
Marker Light, white metal, each	£7.75
Buffers, complete set for locomotive	£100
Resin spring set enough to complete a locomotive to include pins and carriers	£130
Resin cast horn block, complete set for a locomotive	£35.00
Dummy fuel tanks, per pair, resin cast	£39.00
Buffer beam pipes/taps and jumper cable set for front	£26.00

Coupling Plate Cover, each	£5.00
Circuit breakers and fuses	£26.00
Axle boxes with bearings and springs, price per locomotive	£253
Timken Axle Box Covers, white metal, each	£4.00
Clevis coupling	£7.75

Components List: Class 47 5" Gauge Locomotive

Locomotive Driver, resin, painted	£380
Locomotive Driver, resin, unpainted	£30.00
Drivers Seat	£18.00
Lamp Iron, lost wax cast, each	£4.50
Lamp, resin cast	£7.75
Windscreen Wiper, each	£5.00

Class 47 7.25" Gauge Locomotive

Complete ready to run locomotive	£6325
Kit Form* - total cost of components	£5060

Ready to run locomotive includes detailing and sound unit
 Kits include brake cylinders, tank overlays, steps and electrics
 *All kits include controller but no sound system.

Components List:

Body as from mould, flash removed	£1140
Windows cut out on body	£100
Chassis kit including bogie parts and motor mounts	£759
Welding service for chassis	£76.00
Steel for axles	£60.00
CNC turned wheel set – enough to complete locomotive	£633
Chain and sprocket set for locomotive	£500
Tank steps	£26.00
Buffer beam pipes/taps and jumper cable set for front	£30.00

Circuit breakers and fuses	£26.00
Axle boxes with bearings and springs, price per locomotive	£500
Timken Axle Box Covers, white metal, each	£50.00
Clevis coupling	£10.00
Overhead cable transfer, per set	£86.00

Components List: Class 47 7.25" Gauge Locomotive

Windscreen Wiper, each	£4.50
Pair of air horns	£10.00
Lamp Iron, lost wax cast, each	£4.50
Lamp, resin cast	£9.00
Door Handle, Printed	£2.75

Optional Extras:

Painted body, 3 colours	£633
-------------------------	------

Class 55 5" Gauge Deltic Locomotive

Complete ready to run locomotive including sound unit	£4430
Kit Form* - total cost of components	£3000

*All kits include controller but no sound system.

Components List:

Standard body, as from mould	
Prototype body, as from mould	£506
Fuel tanks, set	£51.00

Class 58 5" Gauge Locomotive

Complete ready to run locomotive	£4600
Kit Form* - total cost of components	£3800

Ready to run locomotive includes sound unit and locktite

Kits include all parts except sound unit and paint. Batteries are required

*All kits include controller but no sound system.

Components List:

Windows cut out on cabs and roof vents	£100
--	------

Welding service for chassis	£100
Steel for axles	£76.00
CNC turned wheel set – enough to complete locomotive	£319
Buffers, complete set for locomotive	£127

Components List: Class 58 5" Gauge Locomotive

Buffer beam pipes/taps and jumper cable set for front	£26.00
Circuit breakers and fuses	£26.00
Axle boxes with bearings and springs, price per locomotive	£380
Tail lamp, each	£7.75
Lamp Iron, lost wax cast, each	£3.50
Clevis coupling	£7.75
Windscreen Wiper, each	£4.50

Class 58 7.25" Gauge Locomotive

Complete ready to run locomotive	£5000
Kit Form* - total cost of components	£5060
Buffer beam pipes/taps and jumper cable set for front	£35.00

Ready to run locomotive includes sound unit
 Kits include all parts except sound unit and paint
 *All kits include controller but no sound system.

Components List:

Metal work for locomotive to include chassis, main body, bogies also fiberglass nose and roof Windows cut out on body	£1265
Windows cut out on body	£100
Welding service for chassis	£64.00
Steel for axles	£60.00
CNC turned wheel set – enough to complete locomotive	£506
Chain and sprocket set for locomotive	£400
Buffers, complete set for locomotive	£127
Buffer beam pipes/taps and jumper cable set for front	£26.00
Circuit breakers and fuses	£26.00
Axle boxes with bearings and springs, price per locomotive	£400

Timken Axle Box Covers, white metal, each	£5.00
Tail lamp, each	£7.75
Lamp Iron, lost wax cast, each	£4.50

Components List: Class 58 7.25" Gauge Locomotive

Lamp, resin cast	£9.00
Clevis coupling	£7.75
Windscreen Wiper, each	£4.50

Class 73 5" Gauge Locomotive

Complete ready to run locomotive including sound unit	£4175
Kit Form* - total cost of components	£2310

*All kits include controller but no sound system.

Components List:

Body as from mould	£446
--------------------	------

Class 90 5" Gauge Locomotive

Kit Form* - total cost of components	£2700
Ready to run	£3900

5" GWR Rail Car

Complete ready to run locomotive including sound unit	£4565
Kit Form* - total cost of components	£3795

*All kits include controller but no sound system.

Components List:

Body as from mould	£446
Chassis and bogie kit, pre-welded	£506

Drivers and seats 5" scale

Locomotive Driver, resin, painted	£44.00
Locomotive Driver, resin, unpainted	£30.00
Drivers Seat	£18.00

Drivers and seats 7.25" scale

Locomotive Driver, resin, painted	£50.00
Locomotive Driver, resin, unpainted	£40.00

Snow plough kit loco mounted ploughs for both ends of loco

5" scale	£90
7.25 scale	£100

Independent snow plough kit

5" scale	£450
7.25 scale	£500

5" Coaches

BSK MK 1 coach kit basic	£2000
Interior tables and seats	£150
TSO MK 1 coach kit basic	£2000
MK 1 coach door handles each	£3.50
Mk1 sliding top window each	£6.00
Shell vent, resin cast, each	£4.50

Coach vent, white metal, each	£9.00
Dynamo, resin cast, each	£15.00
Door handles, resin cast, each	£1.75
Coach Door Handle, each	£4.50
Coach Door Handle, short	£4.50
T shape coach handles, lost wax, each	£4.50
Grab handles, lost wax cast, each	£5.50
Luggage door handles, each	£5.00
Mk1 Coach door handles, each	£4.50
Buffer Shank, 3D printed, each	£9.00
Battery Box cover	£10.00
Coach Seat Pad, set	£9.00
Double seat	£7.75
Coach Gangway protector	£15.50
Guards Brake Handle, 3D printed	£7.75
Regulator Box	£9.00
Resin Fuse Box	£7.75
Coach Table, MDF	£6.00
Toilet Window Vent	£4.50
Table lamp	£4.00
Coach figures various poses seated and stood price each	£30
Vacuum Cylinder, resin cast	£13.50
Southern Railway parcels vent, each	£7.25
Southern Railway parcels chalkboard, each	£4.50
Moulded Mk1 Brake cylinder	£20.00

5" Gauge B.R 20-Ton Brake Van

Kit Form - total cost of components	£550
Completed Brake van, painted	£670
Completed Brake van body, not painted	£630
Rolling chassis, welded, powder coated, buffers and shock absorbers fitted	£350
Completed chassis, welded, rivets fitted, unpainted	£250
Rolling chassis, welded and powder coated	£400
Chassis kit - metalwork only	£190

Components List: 5" Gauge B.R 20-Ton Brake Van

3-link chain, 2 sets, per pair	£8.00
RCH long buffer stocks, white metal, set of 4, un-machined	£24.00
RCH long buffer stocks, resin cast, set of 4, un-machined	£20.00
Finished buffer set, complete with springs and collar	£55.00
Bolts for buffers £6 Rivet set for brake van	£30.00
Axle boxes, choice of RCH or LNE, finished and bushed with springs, set of 4	£30.00
Wheel set, 3-hole disk to GL5 profile	£80.00
Brake blocks with bolts, set of 4	£6.30
V hangers with bolts, per pair	£8.00
Dummy shock absorbers, set of 8	£12.00
Chassis name plates, per pair	£10.00
D printed dummy leaf springs with bolts, set of 4	£40.00
Weights for end of brake van, per pair	£22.00
Lamp kit, resin cast, side or rear hung	£8.00
Seated half people various styles	£25

Body parts, not included in chassis kit:

Body pack, laser cut and scored	£130
Lamp irons, side hung, set of 4	£12.00
Straight lamp iron, pre folded, set of 4	£10.00
Grab rails, small, each	£12.00
Steel to make large H section side rails	£10.00
Duckets, fiberglass, per pair	£25.00
Torpedo vents, white metal, each	£7.50
Ducket, steel laser cut, require folding and soldering, per pair	£25.00
Torpedo vents, white metal, each	£4.50
Roof section, fiberglass	£25.00
Roof section, rolled steel	£25.00
Vacuum cylinder	£13.00
Vacuum pipe, resin cast	£6.00
Transfer set NE	£18.00

Bolts for duckets and lamp irons	£10.00
----------------------------------	--------

5" Gauge LMS Brake Van

Completed Brake van, painted	£650
------------------------------	------

Completed Brake van body, not painted	£630
---------------------------------------	------

Rolling chassis, welded, powder coated, buffers and shock absorbers fitted	£350
--	------

Completed chassis, welded, rivets fitted, unpainted	£250
---	------

Rolling chassis, welded and powder coated	£400
---	------

Chassis kit - metalwork only	£190
------------------------------	------

Components List:

3-link chain, 2 sets, per pair	£8.00
--------------------------------	-------

Buffer stocks, set of 4, un-machined	£44.00
--------------------------------------	--------

Finished buffer set, complete with springs and collar	£55.00
---	--------

Bolts for buffers	£6.00
-------------------	-------

Rivet set for brake van	£30.00
-------------------------	--------

Axle boxes, choice, finished and bushed with springs, set of 4	£30.00
--	--------

Wheel set	£80.00
-----------	--------

Brake blocks with bolts, set of 16	£20.00
------------------------------------	--------

Dummy shock absorbers, set of 8	£12.00
---------------------------------	--------

Lamp kit, side or rear hung	£8.00
-----------------------------	-------

Lamp, 2 lens, side hung	£10.00
-------------------------	--------

Body parts, not included in chassis kit:

Straight lamp iron, pre folded, set of 4	£10.00
--	--------

Duckets, fiberglass, per pair	£20.00
-------------------------------	--------

Docket, steel laser cut, require folding and soldering, per pair	£25.00
Torpedo vents, white metal, each	£6.00
Roof section, fiberglass	£45.00
Roof section, rolled steel	£25.00
Vacuum pipe, resin cast	£6.00
Bolts for duckets and lamp irons	£10.00

5" Gauge GWR Toad Brake Van

Kit Form - total cost of components	£450
--	-------------

5" Brake Van Parts

Torpedo vents, white metal, each	£7.75
BR/LNER brake van lamp, rear hung, 1red lens, each	£9.00
Brake van lamp, side hung, 1red lens, 1 white lens, each	£10.00
5" scale NER Brake Van docket, laser cut, pair	£20.00
5" scale LMS Brake Van docket, laser cut, pair	£20.00
Side hung lamp irons, each	£4.00
Vacuum fitted brake shoe, white metal, pair	£6.75
Name plate, pair	£13.50
Grab rails, each	£2.75
Transfer set	£20.00

7.25" Brake Van Parts

7.25" scale NER Brake Van docket, laser cut, pair	£26.00
7.25" scale LMS Brake Van docket, laser cut, pair	£26.00

5" Brick wagon riding car

Ready to run	£900
Kit of parts	£600

JHA Bogie Hopper Late Foster Yeoman 19317 End Wagon Riding_car	£870
Kit of parts	£780

JHA Bogie Hopper Late Foster Yeoman 19317 End Wagon none riding	£700
Kit of parts	£600

5" Lowmack wagon

Complete Kit	£450
Steel and timbers	£200
Ready to run	£600

5" Gauge Wagon Parts and Kits

Wagon Kits

7 Plank Wagon Kit, complete including rolled door hinges, folded corner plates	£633
6 Plank Wagon Kit, complete including folded corner plate	£572
5 Plank Wagon Kit, complete	£572
Bogie Bolster kit including all parts	£759
19 foot Timber underframe kit including metalwork (see diagram from contents)	£190

Easy build chassis

For plank wagons 9 foot wheel base	£55
------------------------------------	-----

Wagon parts

Folded corner plates, per pair	£11.50
Set of planks for 7 Plank Wagon	£51.00

Timber for underframe	£20.00
Spring shoe set of 8 folded	£8.00
Brake lever per pair	£6.30
RCH wagon brake shoes, per pair	£5.50
Vacuum fitted type brake shoe, set of 8	£16.00
Brake shoes, white metal, handed with wheel guides each	£4.50
Brake hangers, white metal, each	£2.75
Spring stop, each	£2.75
Brake Push Rods, set of 4	£8.50
Brake pin racks, CNC cut, need folding and soldering, per pair	£9.00
Brake tumblers	£7.00
V hangers, RCH, per pair	£5.25
Axle guides (w irons) complete with brakes & keeps	£19.00
Set of double sided brake gear	£116
Set of single sided brake gear	£64.00
Buffers, RCH, white metal, set of 4	£15.00
Ready turned buffer, heads & spindles set of 4	£30.00
Brake Pin Rack, lost wax casting, each	£15.50

5" Gauge Wagon Parts and Kits

Miscellaneous parts

Door hook for wagon doors each	£3.50
Hinge strap each	£3.50
Horse hooks, white metal, each	£2.40
Ticket label, per pair	£3.50
Charles Roberts name plates, each	£4.00
Olio buffer stock, white metal, each	£13.50
Spring Steel, annealed to be soft to shape and easy to drill, per meter	£3.50
Door hinge crooks, each	£6.75
Door catches, white metal, each	£5.00

Head stock tie plates, Set of 8	£5.00
Lamp irons	£4.90
Draw hook plates per pair	£5.00
B.R RCH / axle boxes bushed set of 4	£30.00
LNER open axle box bushed, set of 4	£30.00
Door catches (white metal)	£40.00

Wheels

3 hole disk wheels, turned and finished, complete with axle, 4 wheels, 2 axles	£80.00
--	--------

Axle boxes

Axle boxes, RCH type, resin cast, set of 4	£39.00
Bored and bushed	£51.00
Leaf spring shoes, set of 4, folded ready for use	£10.00

Signalling

LNER Signal finial, each	£10.00
--------------------------	--------

7.25" Gauge Wagon Parts and Kits

Axle boxes, RCH type, resin cast	£51.00
Brake shoes, each	£4.00
Set of 4, bored and bushed	£76.00
3 hole disk wheels, turned and finished, complete with axle, 4 wheels, 2 axles	£154
Bogie Bolster kit	£825
Bogie Bolster, ready to run	£952
Buffer Stocks, resin cast, set of 4	£33.00
19 foot Timber underframe kit including metalwork (see diagram from contents)	£190
Steel strapping corner plates door hinges metalwork for wagon top	£60

Spares for Mtroniks controller and sound systems

Terminal protector, each	£2.75
Speaker mount, laser cuts	£10.00
Speaker mount, welded	oi £13.50

Dual gauge rolling roads

Rolling roads dual gauge suitable for 5" scale or 7.25 scale price each set	£36
---	------------

Model Engineering Products Bexhill

Locomotives, Rolling Stock and Accessories

5" Class 08 Locomotive in Kit Form - total cost of components	£1800
5" Class 08 Locomotive Basic Kit (plain steel wheels) – fully machined	£2100
5" Class 33 Locomotive in Kit Form - total cost of components	£3000
5" Class 35 Locomotive in Kit Form - total cost of components	£3100
5" Class 37 Locomotive in Kit Form - total cost of components	£3200
5" Class 47 Locomotive in Kit Form - total cost of components	£3200
Class 70 body moulding	£400
5" Class 58 Locomotive in Kit Form - total cost of components	£3500
5" Class 73 Locomotive in Kit Form - total cost of components	£3200

Optional Extras:

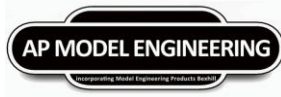

Body as from mould, 5" Class 08 including cast fuel tanks and battery boxes	£380
Body as from mould, 5" Class 33	£413
Body as from mould, 5" Class 35	£380
Body as from mould, 5" Class 37	£572
Body as from mould, 5" Class 47	£506
Body as from mould, 5" Class 58, 2 cab ends and roof section	£400

Optional Extras:

Body as from mould, 5" Class 73	£501
5" Class 20 Fuel Tanks	£58.00
5" Class 33 Fuel Tanks	£58.00
5" Class 37 Fuel Tanks	£58.00
5" Class 47 Fuel Tanks	£58.00
5" Class 58 Fuel Tanks	£58.00
5" Class 73 Fuel Tanks	£58.00

White metal buffer beam detail kit	£26.00
Engine Sound System	£100
Spring loaded buffers, set of 4	£99.00
Resin cast half springs, each	£6.75
Resin cast sand boxes, each	£4.00
B.R. Timken axle box covers, each	£4.25
Gear set, per motor	£51.00
White metal steps Class 37/47, each	£12.00
Fork type coupling, each	£17.00
Overhead warning signs, set of 4	£9.00
Dummy cast roof horns, white metal, pair	£8.00
Wipers, per pair	£8.00
Axles, each	£13.50
Wheels, each	£32.00
